

DONATION INTAKE FORM

Thank you for your interest in donating your gently used durable medical equipment to REquipment DME Reuse Program. REquipment is a program that accepts equipment that is in good condition and generally not older than 5-6 years old. Seat coverings should be intact with no rips or tears. We are not able to accept beds of any kind, metal walkers, canes and crutches, geriatric/cardiac lift chairs, commodes, medical supplies, custom installed stair lifts, ramps, oxygen products, feeding or CPAP machines.

Please provide as much information as possible about your items and feel free to send along a photo. REquipment staff will review your donation and respond back with delivery options. REquipment will provide a donation receipt for tax purposes for all donated items. Questions? Contact our office toll free at 1 800-261-9841.
